ALLIES BOMBARD ENEMY TRENCHES FROM SOUTH OF SOMME TO THE OISE

Pounding of Guns on 55-Mile Front
Greatest Concentration They
Ever Attained

PREVENTS TRENCH DIGGING

Prisoners Declare Constant Cannon-
ading is Inflicting Heaviest
Losses on Enemy

PRESSED BACK AT ONE POINT

Haig's Troops, However, Counter-
Attack Southeast of Kemme Hill
and Regain Ground

With the French Army in the
field, April 18.—Every inch of the
German line from south of the Somme
to the Oise—a front of 55 miles
is being pounded by the greatest ar-
tillery concentration yet attained by
the allies. The country miles to the
rear of the enemy position is under
bombardment.

Prisoners say the cannonading
prevents the digging of a single
trench and is inflicting the heaviest
losses.

The offensive has reached a stage
where allied military officials declare
unanimously that the present battle
is absolutely and irrevocably decisive
for Germany. With the allies present
certainty of cutting the German of-
fensive, coupled with the German
losses, the Germans at the battle's
end will be exhausted and incapable
of attempting another offensive. In-
stead they will have to remain on
the defense—threatened with inter-
nal upheavals, while American ar-
rivals swell the allies' superiority.

French military officials declare
the French army can wait for
months if necessary to attain or in-
creasing their present rate of arrival
the final military victory is possible
much sooner.

No Change in British Front

London, April 18.—"German in-
fantry attacking in three waves
southeast of Kemme hill pressed us
back slightly at one point but a
counter attack restored the situa-
tion," Field Marshal Haig reported.

Early in the afternoon the attack
had been repulsed at all points.

"Our line yesterday was intact on
the whole front. There was no
change in the British front during
the night."

Silence Enemy Artillery

With the American Army in Lar-
raine, April 18.—The American ar-
tillery on this front already has
reduced the German artillery by 3,
silencing enemy batteries with only
a few minutes bombardment.

The French are amazed at the
Yankee gunners accuracy.

REDUCES SIZE OF BALLOTS

Election Commissioners Put on Can-
didates With Opposition

The Rush county board of elec-
tion commissioners has decided, on
authority from the commission ap-
pointed by the governor to interpret
the primary election law, to place on
the primary ballot only candidates
for offices where there is any oppo-
sition. This means there will be only
candidates for two offices on the
democratic ticket as there are con-
tests only for the nomination for
representative and commissioner
from the southern district. There
are a number of contests on the re-
publican ticket.

Class Mates Recall High School Days

Hoover Rules Observed by Raleigh
Alumni Who Omit Banquet in
Fourth Annual Gathering Held in
Hall Last Night—Talks Made and
Letters Read From Former Stu-
dents of the School—Varied Pro-
gram Given After the Service of
Refreshments.

Days of the Raleigh high school
for the past number of years were
recalled last evening in a number of
clever talks by representatives of
the classes and former high school
teachers, when seventy-five, includ-
ing the alumni of the school and
their families gathered for the
fourth annual reunion, which this
year was much simpler and was
none the less pleasant for being so.
Because of the request of the food
administration, the banquet, which
has been the feature of the affair in
past years was omitted and instead,
refreshments of ice cream of the na-
tional colors, cake and coffee were
served at the long prettily decorated
tables.

The hall was a patriotic picture,
being draped with a number of huge
American flags and strands of crepe
paper of the national colors extend-
ed from the center posts to the cor-
ners of the rooms. On the stage,
where the program was given, Amer-
ican flags and a service flag bear-
ing five stars, were hung against a
background of white. Red and white
carnations formed the immense bon-
quets which adorned the centers of
the long tables and the stage.

Immediately following the service
of refreshments, a varied program
of musical numbers, readings, mono-
logues and patriotic specialties
was given by Miss Frances Frazee
and C. Ernest Parke. Mrs. Ralph
Miles played a piano solo. Miss Sue
Abernathy of Oklahoma, a former
student of the Raleigh schools gave
a reading, "A Critical Situation," by
Mark Twain. Mrs. Russell Baker
sang, "Sing Me to Sleep," and Miss
Henrietta Talbert sang, "The Rag-
gedy Man." Orval Morgan was re-
peatedly cheered for his readings.

As the roll was called by Mrs.
John Nipp, secretary, the guests
were asked to respond with a word
of greeting and as a result a num-
ber of inspiring short talks were
made and many memories of high
school days were recalled. Many of
the students unable to attend had
written letters which were read as
their names were called. The teach-
ers who were teaching now or had
taught also made short addresses.

During the business meeting which
concluded the program, officers for
the association for the coming year
were elected with Hassel Sweet, as
President; Walter Bell, vice-presi-
dent; Miss Nellie Hayes, secretary;
and Ray White, treasurer. The out-
going officers are: president, Omer
Greenwood; vice-president, Roy
Mayse; secretary, Mrs. John Nipp;
treasurer, Ralph Miles.

Red Cross Notes

The first anniversary of the or-
ganization of the Washington town-
ship Red Cross auxiliary will be ob-
served on May 23 when an all day
meeting will be held in the headquar-
ters of the auxiliary in Raleigh.
Plans are being made to make the
day a Red Letter, one in the history
of the auxiliary.

AGED MAN KILLED BY BIG 4 TRAIN

John Downs of Milroy, 75 Years Old,
Struck by Southbound Pas-
senger This Morning

WALKING BESIDE THE TRACK

Because of Deafness, He Evidently
Did Not Hear Train's Approach
—Body Not Mangled

John Downs a well known resident
of Anderson township was instantly
killed this morning shortly after
nine o'clock when he was struck by
the southbound Big Four passenger
train just north of Milroy.

Mr. Downs was 75 years of age
and for a number of years had re-
sided alone in the northern part of
the town. He was walking along the
track gathering greens and because
he was exceedingly deaf did not hear
the approach of the train until it
was upon him. For several years
there has been a cancerous growth
on the back of his head which has
recently affected his hearing.

The aged man was walking at the
side of the track and when a pri-
vate part of the engine struck him,
killing him instantly, he was
hurled into the ditch at the side of
the track. He was picked up and
taken to the undertaking establish-
ment by the train crew where the
undertaker found that aside from a
few scratches on his face which re-
sulted from his fall into the ditch,
his body was not mangled.

He is survived by two sons, Thur-
man Downs who resides north of
Moseow and Hubert Downs of Ar-
lington. One daughter, Mrs. Myrtle
Way of Indianapolis also survives.

TO PREVENT WHEAT WASTE

Food Administration, To Give Warn-
ing, Asks Census of Threshers

For the purpose of preventing the
usual waste of wheat about thresh-
ing machines, the state food admin-
istration has requested the county
emergency demonstration agent Mar-
ion Detrick, to take a census of all
threshing outfits in the county so
that owners may be warned by the
food administration to guard against
this loss. Mr. Detrick will take the
census in the near future. The
same request has been made in ev-
ery county.

SENT TO ORPHANS HOMES

Four Children of Lechner Woman,
Sent to Jail, Taken Today

The four children of Mrs. Rosa
Lechner, wife of Charles Lechner,
who was fined \$50 and costs and
sentenced to three months in jail
yesterday for providing the saws
which Omer Smith used to escape
from jail, were taken to orphans
homes this afternoon, it having been
determined after a hearing in juve-
nile court this morning they would
not get the proper care at home.
Rosa, 9, Minnie, 5, and Alfred, 3,
were taken to Shelbyville and John,
8 months, to Indianapolis.

RULINGS ON CASES OF 125 REGISTRANTS

District Board Deferred Classes to
124 Farmers and Allows 6
Industrial Claims

MANY DEPENDENCY APPEALS

Rulings on the agricultural and
industrial claims and appeals of 125
Rush county registrants were re-
ceived by the county army selection
board from the district board today.
Only one agricultural claim for de-
ferred classification was denied, 104
being given deferred classes on ac-
count of their farm work. Six re-
ceived class two on industrial claim.
Ten dependency appeals from class
two were denied and three were put
in one.

In a number of cases farmers with
agricultural claims appealed from
the ruling of the local board and in
most instances the local ruling was
sustained. Four receiving class two
on agricultural were denied lower
than two on dependency which they
appealed. In one instance a regis-
trant was moved up to class one on
dependency. Twenty farmers re-
ceiving class three and appealing
from class two on dependency were
denied lower classes. Six in this
class put in two by the local board
on dependency appealed and were
moved up to one. Six given class
four in agricultural were placed in
one on dependency on appeal. Three
others receiving same classification
as farmers were denied lower than
class two on dependency.

The rulings follow:
DEPENDENCY APPEALS
Class 1.

APRIL PROMISES TO SET A RECORD

First Two Weeks Pile up Largest
Total of War Savings Stamps of
Any Similar Period

POSTOFFICE SALES \$4,548.85

Receipts From Savings Stamps Now
Amount to \$26,482.02—School
Children Helping

The first two weeks in April have
been the best two weeks in the sale
of War Savings stamps since the
campaign began, with sales at the
postoffices over the county amount-
ing to \$4,548.85, which is more than
was taken in from sales during
either of the months of December or
January. April is starting off, true to
expectations, to be the best month
yet in the sale of the stamps. Of
the amount sold, 954 were War Sav-
ing certificates and 2,359 Thrift
stamps.

Up until the first of April, the
postoffice sales over the county
amounted to \$21,533.17 and adding
this month's receipts, would be \$26,
482.02. During December the sales
amounted to \$2,592.79; during Janu-
ary, \$4,043.67; during February
\$9,206.44; and during March, \$3,
600.27.

The campaign being made by John
A. Titworth, county chairman of the
drive, and I. W. Coffin of Fort-
ville, representing the district
chairman is having a noticeable ef-
fect on the sales. Another stimulus
has been added by the efforts of the
school children all over the county.

Interest in the campaigns being
waged by the school children has
been centered about the contests be-
ing conducted in each of the schools
over the county. For the winners of
these contests, Jack Knecht is offer-
ing three prizes in each school. The
prizes are: five dollars; three dollars
and two dollars in merchandise at
the Knecht Clothing company. In
some schools, where the term is
completed for the season, the prizes
have already been awarded.

SAYS HE AWAITS OVERSUBSCRIPTION

Telegram From Will H. Wade, Vice
Director of Sales, Congratulates
County on Going Over

FOOD FORCES BEEN ADDED

Subscriptions Still Rolling in and
Workers Still Driving Hard to
Make Complete Canvass

"We congratulate the Rush coun-
ty organization, the banks and your-
self in reaching its allotment in the
third Liberty Loan and await your
oversubscription"—reads the tele-
gram received by Earl H. Payne,
county chairman for the third Lib-
erty Loan drive from Will H. Wade,
vice-director of sales of the seventh
federal reserve district, upon hear-
ing of Rush county's going "over
the top" in the third Liberty Loan
drive by raising more than her al-
located \$495,000.

Emphasis in the message has been
placed on "await your oversubscrip-
tion" by Liberty Loan workers who
are working with a vim toward that
goal. The enormous oversubscrip-
tion which is expected to result from
the drive of canvassers this week is
expected to add new honor to Rush
county's record of accomplishments
since the beginning of the war. Rush
county was asked to subscribe
\$495,000 as a minimum quota.
Promptly she did that. Now she is
being asked to make a large over-
subscription and workers are deter-
mined that the response to that call
shall be just as ready.

The forces of the food adminis-
tration have been added to the corps
of workers for the drive by the mes-
sage sent out by Herbert Hoover
reading: "We are reminding you that
the United States Food administra-
tion organizations, both national and
state, are committed to do their ut-
most to co-operate with the Liberty
Loan forces. While in no way relax-
ing your food activities we rely upon
your exerting every effort to insure
the success of the Liberty Loan." By
this move, a tremendous force
has been placed behind the loan
drive for the food administration
workers includes state, county,
township and city organizations.

Indiana's record in the drive soared
higher last night with the addition
of three new counties of the district
to the honor roll after having sub-
scribed their minimum quotas. The
counties are Clay, Parke, and Mar-
shall. State leaders believe that
Indiana will pass its minimum allot-
ment next week. A noticeable feature
of the campaign is the wide distri-
bution of bonds for practically ev-
ery county has reported that the
bonds have been taken by persons
and not the banks.

The total subscription of the 68
counties in the seventh federal re-
serve district up until ten o'clock
yesterday morning was \$37,153,200.
The minimum subscription for these
counties is \$33,770,000. A statement
from headquarters says today that
"there can be no letting down in the
work if the state is to roll up the
heavy oversubscription wanted to
keep Indiana in her proper place be-
hind the federal government in pro-
secuting the war with Germany."

AUCTION FOR RED CROSS

Indianapolis, Ind., April 18.—Pic-
tures and sculpture by Indiana ar-
tists were auctioned off here today.
The proceeds will be invested in Lib-
erty bonds which in turn will be
donated to the Red Cross and other
such organizations.

The Latest in Furniture

Light colored walls, dainty drapery and Ivory furniture are the predominant features of the modern sleeping chamber.

The suit shown above carries out this idea perfectly. It is made of choicest solid Maple, treated to exactly represent Old Ivory with appropriate classic ornaments.

The style is distinctly French, and the lovely mellow tones are most pleasing. This furniture never needs polishing. It has a hard, elastic finish, readily cleaned with a soft, moist cloth.

The dresser, chiffonier and toilet table of this suit have polished plate glass tops laid over dainty pink cretonne. We ask you to call and inspect the largest and best designed showing of bed room furniture that it has ever been our privilege to offer.

Bausback Sons & Company Make Improvements

Mr. Henry Bausback, business manager for the Robert Bausback Sons & Co. Reduction Plant, which is located and operated one and one-half miles west of this city, has recently contracted for a Modern Reduction Plant to be placed at the plant within the next thirty days. Improvements to be made are estimated at a cost of \$10,000.

The Company will endeavor to give the citizens of Rushville and Rush County prompt and immediate service—all calls are made promptly by truck.

This gives Rush County a new addition to be proud of, for after all improvements are made there is no doubt the Bausback plant will be the most Modern and Sanitary Reduction plant in the state.

and in the best of health. Hale and hearty, with good, red blood, good appetite and good digestion. Grandpa's nerves are steady, too. He takes care of himself. He keeps himself fit. He does it to that his nerves and blood are in good shape. When he finds that he is eating without relish, feeling a little depressed and cross, sleepy all day yet can not sleep at night, he begins his treatment of Bio-feren, the nerve and blood tonic. Bio-feren, a compound of Lactogen, Iron, Potassium and other valuable tonic elements in tablet form, is just exactly what the average tired business man, the average housewife needs at this season of the year. It takes the nerves and puts vigor and energy into the system. There is no mystery about Bio-feren. Every package shows just exactly the content. Ask your doctor about Bio-feren, or, if you wish, send us his name and we will forward him the complete formula. Give Bio-feren a fair trial. If it doesn't make good your money will be promptly returned to you. Interesting booklet will be mailed you on request. Large package \$1.00 at all good drug stores or direct if your druggist can't handle it. The General Remedial Co., Cincinnati, Ohio.

Purpose of German Lies.
On the authority of the State Council of Defense, it is stated the German lies which are told in which creep into newspapers about horrors the newspapers about the atrocities practiced on prisoners of war and their own people who do not support the war, are for the purpose of breaking down the morale of the American people, upon which the success of the war depends. The only safe and patriotic policy to pursue, the state defense body advises, in reference to false and misleading gossip, is to kill it by refusing to listen to it wherever it is possible to do so and always refusing to repeat it.

Recently there was a dispatch from South Bend to the effect that an American soldier was reported to be a prisoner in Germany. His parents could get no word from him. Finally his watch came by mail and inside stuck in among the mechanism was a note in which he said that his relatives would not want him to come home because his ears and nose had been cut off.

If such a note as this were sent to the United States in the manner described, which is highly improbable, it was probably done by German authorities to terrorize the people of the United States. But the fact of the matter is that no mail is being carried from Germany to America either directly or indirectly. Likewise, no American mail is reaching Germany in any way. No messages even in cipher are permitted to go to German addresses.

There is another type of German lie going the rounds which is repeated something after this fashion: "A friend of mine employs a German girl, whose brother was forced into the German army. Recently she received a letter from him, saying that he saw the Kaiser every day. She wrote back asking him how it was, if he saw the Kaiser every day, he did not do anything. Later by mail, after failure to hear from him she received a box which contained his eyes, indicating his horrible punishment."

The purpose of the lie may have been to discourage any attempts on the part of citizens in this country to correspond in any way with Germans, a wholly unnecessary action, under the circumstances. It may have had some other purpose judging from the typical German atrociousness of the allegations. It is, of course, false and a fabrication entirely without semblance of truth. Certainly no one close enough to the Kaiser to come in daily contact with him could have relatives in United States. The mere fact of his having relatives in this country would disqualify him for any service that might take him near enough to see the Hun every day.

Earning the Right to Criticize
It is a bit presumptuous on the part of any American or any newspaper in the United States to tell commanders of the allied forces when they should attack on the west front, or when they should cease to withdraw. If there is to be any criticism, England and France who have been sapped of their very life blood in holding off a Hun invasion of America, have earned the right to do it all. They might make a little severe comment on the way America has fallen down in her preparations for war.

Raising the age limit for army service to fifty years, preparing to throw her last line of reserves against the advancing Hun, and proposing to apply conscription to Ireland—these are the signs by which England makes it known that her reservoir of manpower is running dry. By the same signs we may read the duty of the United States. It is we who must henceforward provide the men who will beat back the kaiser and his hordes. It is we who must take from England—and from France, already bled white—the burden of winning the war. George Creel may thank God that we were unprepared a year ago, he may exaggerate our preparedness as it is today, but the measure of our contribution to the war is no less than the measure of force which will be necessary to complete the allied victory. We are not yet, as Senator Sherman says, playing a man's part in the war—but we are confronted with a task which would daunt even a superman. We shall not rise to that task by continuing the mistakes of the past year. That much is certain.

If the government shall at length

REGISTRATION OF VOTERS IS LAGGING
Must Register at Rate of 38 a Day to Prevent Board From Being Swamped at Close

SATURDAY THE BANNER DAY
The registration business is lagging. On Monday of this week, only 18 voters registered and on Tuesday 20 registered. In order to have a complete registration without "swamping" the registration clerks during the last few days before election, there will have to be a steady stream of registrations between now and October seventh with an average of about 38 on each day. The registration board is urging that voters avoid this condition by registering early.

Last week, which was the first week the board was in session, 377 voters registered. Saturday was the banner day when 68 filled out the blanks, the majority of whom were from the country. The board is in session in the room off the sheriff's office. Attention is called to the fact that every person voting on the general election November 7 must register.

139TH NOT TO BE MOVED
Blodgett Says It Is Not Among Those Slated to Leave Shelby

Although several units of the 38th division are expected to be moved from Camp Shelby, Miss., the 139th field artillery, in which there are many Rush county men, is not among them, according to W. H. Blodgett, correspondent of the Indianapolis News. He says the 76th infantry brigade is the one slated to be taken from the camp.

The 139th has received four four-inch howitzers and will be in a short time go to the artillery range for practice.

Surprise at the Gem
Many a screen drama runs true to form and given a certain start will end according to rule. Not so, however, with the Virginia Pearson photoplay to be seen at the Gem theatre this evening. It is said to be a surprise from start to finish when the thrills of action of the drama and the tenseness of the situation will be relieved by the thought that the solution is in sight, which in reality materializes in an entirely unexpected manner. In "All For a Husband," a good story is told with a good interpretation of a woman who is trying to win a husband. She endeavors to trap a man who dislikes women.

"The Tenderfoot" at the Princess
"The Tenderfoot," the tale of the man who taught the bad man of the west some lessons in using a gun, will be the attraction at the Princess tonight, together with the Ford Educational Weekly.

Marguerite Clark is coming tomorrow in the Paramount version of Mary Roberts Rinehart's story, "Bab's Matinee Idol," which appeared in the Saturday Evening Post some time ago. "Bab's Matinee Idol" is a whimsically funny story of a boarding school girl's first affair du coeur, as Bab grandiloquently calls it herself, and will appeal to girls of all ages who will recognize themselves in Miss Clark's winsome screen portrayal of Bab.

decide to take over and operate the express companies of the country, there will be an opportunity to see, through government bookkeeping, to what extent and in what character the express companies and the parcel post come in competition. This has been a mooted question in Congressional and other discussion; and the operation of both systems by the same agency will enable the facts to appear without color in favor of one or the other of the factors, provided an accurate system of accounting is adopted.

Why? The Anker-Holth Cream Separator

In the cream separator world there are no "just as good," but plenty of "substitutes," for Anker-Holth Cream Separators. In actual performance and operation, the Anker-Holth stands in a class by itself. It has no real competition, no equal. From the point of conservation, the Anker-Holth was born of necessity. Many farmer-dairymen had become tired—disgusted—with cream separators. They turned like pulling a sled on bare ground; the women folks objected to the drudgery of washing the "thing," and then every so often the bowl had to take a trip "back to the factory," to be "rebalanced" at an added expense to the first cost, all of which contributed to the "setting aside" of the cream separator, and thereby a loss of profit to the farmer-dairymen.

With the advent of the Anker-Holth a new enthusiasm for the use of the cream separator has arisen.

No more bowls out of balance, no more sweating and foaming at the handle, no more slavery in washing the "thing"—These former objections were swept away at one stroke when the Anker-Holth (self-balancing bowl) cream separator was given to the dairy world.

most of these men from their bomb-proof jobs. Later announcements indicate that the men will not be sent "over there" but will be transferred to other positions here in the United States, though farther from the seat of government. The complaint was based upon the fact that many of these men were doing work which women and girls could do as well. Whether they will be transferred to other jobs of similar character, remains to be seen.

To the Stockholders of The Rushville Co-Operative Telephone Co. Gentlemen:

On April 1st, 1917, the company had 1823 telephones in service, and on April 1st, 1918, there were 1909 in service, a gain of 86 telephones.

The receipts for the year show a gain of \$1,157.56; and the operating expenses for the year were \$1,206.33 more than last year, due to the increased cost of wages, and material used in making repairs.

The company owed \$9,000.00 on the old debt on the first of April, 1917, and borrowed \$2,500.00, which was paid back and in addition \$7,000.00 was paid on the old debt.

The \$7,000.00 paid on the old debt, and \$2,932.03 spent for additional equipment, with \$5,000.00 paid for Liberty Bonds, and \$1,035.03 worth of material and supplies purchased, shows a total income above operating expenses of \$15,967.66; this is \$879.10 more than last year.

Respectfully,

GEO. H. DAVIS, Manager.

THEY GAVE HER VINOL FOR BRONCHITIS

And it Cured Her—Read Mrs. Thayer's Letter

West Somerville, Mass.—"I suffered from a severe attack of bronchitis, with a terrible cough, no appetite, no energy, no strength and loss of sleep. The usual remedies failed to help me, but they gave me Vinol and it restored my appetite, stopped the cough and built up my strength so I am able to do my household work again."—Mrs. P. B. Thayer.

We guarantee Vinol for chronic coughs, colds, bronchitis, because it is a constitutional cod liver and iron remedy. Formula on every bottle.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sugar, bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the jammed-up body, waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Witch's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and lustrous.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Witch's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite, and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

Society

Charles Casey was honored with a surprise party at his home north-east of the city last evening, when in celebrating his forty-second birthday, a number of his friends came in to spend the evening with him. The gay social evening was spent in playing games and other informal entertainments after which dainty refreshments were served. The friends planning and executing the complete surprise were the Rev. C. J. Bunnell and daughter, Miss Frances, Mr. and Mrs. James Martin and son, Lotus Martin, Mrs. Noble Adams and daughters, the Misses Ella and Irene, Mrs. Henry Schmall, Mrs. Bertha Wainwright, Mr. and Mrs. Oscar Eden, Miss Emma Casey, Mrs. Sallie Casey, Will and Fred Casey, George Wright, Clifford Stevens and John Meredith.

A number from this city attended the district meeting of the Pythian Sisters held at Fairfield Tuesday. Miss Laura Trussler was delegate from the local lodge. "O. P. Wamsley of this city and Mrs. Hedgewood were on the program and sang a duet, "Oh Love That Will Not Let Me Go." Four counties were represented. Programs were given at the three sessions held during the day and dinner and supper were served. Among those from this city attending were Miss Flora Redman, Mrs. Will Morgan, Mr. and Mrs. Dora Hilligoss, Miss Trussler and O. P. Wamsley. Miss Florence Bain of Decatur, grand chief of the lodge, spent Tuesday evening in this city.

One of the most interesting meetings of the Missionary society of the United Presbyterian church of the year, was held last night at the home of Mrs. W. J. Waite in North Morgan street. The attendance was exceptionally large and during the evening the guests enjoyed an interesting program, the feature of which was several papers on the study chapter from missionary milestones given by Mrs. R. A. Innis, Mrs. B. L. Traub, Mrs. A. C. Brown and Mrs. H. H. Elliott. The program was closed by a short lecture by Mrs. John T. Aikin on "The African Trail." The next meeting will be held in a month at the home of Mrs. John T. Aikin.

Mr. and Mrs. Eli Lucas who were married recently, were pleasantly surprised by a number of friends Monday evening at their home northwest of the city. The guests included Mr. and Mrs. John Lucas, Mr. and Mrs. William Newhouse and

Egg Drive Is Latest Scheme For Red Cross

Washington Township Auxiliary of Red Cross to Initiate the Plan on Wednesday of Next Week and Has Asked Women to Turn Eggs Over to be Sold For Society.

An "Egg Drive" is the newest scheme which is to be worked for Red Cross. The Washington township Red Cross auxiliary is to initiate the scheme on Wednesday, April 24, when the women of the township will be asked to save all of the eggs they gather on that day and turn them over to Red Cross to be marketed and the proceeds turned into the treasury of the auxiliary. On Thursday following, the women may either turn their eggs over to the Red Cross headquarters in Raleigh or they will be called for by representatives of the Red Cross. Every woman in the township, and there are very few of them who do not belong to Red Cross, is asked to cooperate in making the drive a success by donating the eggs to the cause.

That the members of the Wednesday afternoon sewing club occupy the front rank of patriotic women was shown at the meeting yesterday afternoon which was held with Mrs. H. M. Cowing in West First street. During the business session, at the opening of the meeting, it was decided that the dues from the club were to be put in war saving stamps and that instead of serving the usual luncheons and refreshments which have always accompanied the meetings, the hostess will place one dollar in the fund which will be turned over to the Red Cross. Red Cross work is being done by the members of the club at all of their meetings and yesterday afternoon towels were hemmed. The next meeting will be held in two weeks with Mrs. O. C. Brann at her home in West Third street.

One of the most pleasant social affairs of the week was the war supper given last night at the home of Mrs. Austin Frazee in East Sixth street when she was hostess to the members of the Happy-Go-Lucky club and a few other guests. The dining room was appropriately decorated for the affair in the national colors combined with spring flowers. Covers were laid for sixteen guests who, aside from the club members included, Mrs. Emma Talbert, Mrs. Guy Mulbarger and Mrs. Herschell Daubenspeck.

Mr. and Mrs. William M. Cole of Morristown have announced the engagement of their daughter Helen to Clancy Colvin of Shelbyville. The bride-elect is well known in this city. The wedding will take place at the close of the two months training which Mr. Colvin will take at Purdue university pending his entrance into the aviation service as a mechanic.

Sixteen members of the Sunshine Embroidery club of Raleigh were entertained yesterday afternoon at the home of Mrs. Alva Aikin. The afternoon was spent knitting on the comfort for the Red Cross, at the close of which the hostess served light refreshments. The next meeting of the club will be held in two weeks with Mrs. John Nipp at her home in this city.

Mrs. John Tinsworth entertained at her home in North Main street yesterday with a pleasant afternoon party, the guests being the members of the Worthwhile club. Following a short business session the remainder of the afternoon was spent socially and a dainty luncheon was served. The next meeting will be held in two weeks.

There will be a social given this evening at the Knights of Columbus hall to which the public is invited. Cards and other amusements will furnish the entertainment for the guests.

There will be a called meeting of the war mothers of Rush county this Saturday afternoon at two o'clock in the sewing room at the Red Cross headquarters in the court house. The plan of work to be adopted by the members of the society in the coming

Provide for the Children

We have assembled a wonderful variety of beautiful and practical ready-to-wear garments for boys, girls, and misses of high school age. A mother's troubles are greatly lessened if she will but let us help her. Hundreds of boys' wash suits are shown, that are unusually attractive. Then for the little girls and larger misses, there is a splendid array of lingerie dresses, gingham dresses, silk dresses, sweater coats.

Are you patriotically conserving food? Please follow the government's requests and exert your influence on your neighbors.

Handsome Silk Dresses

Oh, but they are pretty. There are no two alike, and each is a distinctive and exclusive model. Many of the elegant pastel shades are shown, besides the medium and dark colors. Georgette, crepe de chene, taffeta, satin, and silk gingham unite in the attractive display. We can fit any miss from 12 to 20, and ladies from 36 to 44. The prices range upward from \$10.00.

INCREASE AMOUNT OF SUBSTITUTES

Twenty-Five Percent Instead of Twenty Percent to be Used in Bread Hereafter

NO DEPARTURE FROM RULING

Bakers to Introduce "Quick Breads" Containing Two-Third Substitutes, as Means of Saving

Victory bread, dating from April 14 must consist of 25 percent of wheat flour substitute. This is an increase of substitute of five percent. The government will tolerate no departure from this ruling in its determination to provide every available ounce of wheat for export to the allied armies and civilians who are desperately in need of it, announced Dr. Harry E. Barnard, federal food administrator for Indiana today.

The substitute content of all bread and rolls must be increased from 20 percent requirement to 25 percent.

Under the baking rules issued on February 1, bread and rolls were the only bakery products that required wheat flour substitutes, unless those products were called "Victory" cakes, "Victory" pies, etc. Under the new amendments and additions, all bakery products must contain a certain percentage of wheat flour substitutes. The substitute content hereafter required in the various products follow:

Sweet yeast dough goods, 33 1/2 percent; crackers, 15 percent; cookies, and ice cream cones, 33 1/2 percent; cakes, 33 1/2 percent; pies, 33 1/2 percent; fried cakes, 33 1/2 percent; pastry, 33 1/2 percent; batter cakes, waffles, quick breads—such as muffins and Boston brown bread, 66 2/3 percent.

Under the new rules no public eating place may serve more than two ounces of bread and rolls of more than four ounces of quick bread and rolls of more than four ounces of quick bread to any one person at any one meal.

With customers who buy loaf bread, bakers are urged to promote the use of the three-quarter pound loaf, following the Food Administration's request that the 12-ounce loaf be used where the 16-ounce loaf was used before.

Bakers are urged to introduce "quick breads" as a wheat saving measure. These quick breads, including muffins, baking powder biscuits, corn bread, Boston brown bread, giddle cakes and waffles, must contain two-thirds wheat flour substitutes.

The use of the words "milk" or "cream" on wrappers and labels is no longer prohibited, but milk bread must still be sold at the same price as bread made without milk.

U.S. DEPT. OF AGRICULTURE HOW TO GROW Irish Potatoes

The culture of the Irish potato is familiar to almost everyone who has ever had a garden. In brief, the potatoes should be planted as soon as the ground can be worked in spring, two weeks before the average date of the last killing frost being none too early. The tubers should be cut so that each piece contains from one to two eyes, and the pieces planted in rows from 24 to 30 inches apart and from 10 to 15 inches apart in the rows, depending on the variety. Cultivation should be frequent and thorough. It is an excellent idea to work soil up to the plants as they develop, so that there will be plenty of soil to cover the potatoes as they form.

Early potatoes in the central and southern sections of the country will

DEPENDING ON MEN OVER HERE

Says Corporal Chadwell. Formerly of This County, in Letter to Will L. Brown

NO COUNTRY LIKE AMERICA

Soldiers Appreciate Letters and Look Forward to Mail More Than Pay Day

"We are depending on you fellows over there," is the message conveyed to Will L. Brown from Corporal L. S. Chadwell, formerly of this county and now with the American Expeditionary Forces in France. Corporal Chadwell lived in Rush county when war was declared and, with the same patriotism which prompted him to enlist in the Spanish American war, enlisted for the present conflict. The letter in part follows:

"At last I have found time to write to some of my friends and am remembering you among the first. This leaves me in France, well and enjoying the work. I hope when it reaches the 'Cullen farm' it will find everyone well and ready for the spring work for we are depending on you fellows over there.

"I would like to go into detail and tell you about the happenings over here but of course you know it is impossible. Perhaps when I come back we can have a long talk about it. It is certainly an interesting little country.

"How is everything on the ranch? I would like to be there for a while. Don't understand me to say I am sorry for the move I made for I am not and would not return tomorrow if I could. And when you see me in the states, you will know it is 'over over here.'

"Believe me this country is not the good old United States. When you people see what I have in the past few months you will realize what a fine old state you live in, and especially Rush county.

"Tell all of the folks to write. We appreciate a letter over here more than pay day."

Corporal Chadwell is with Company A, 507 Bridge Engineers, American Expeditionary forces.

The branch will be located in the building formerly occupied by the National Institute which was donated to the state by Ball Brothers.

A number of instructors will be transferred from the state normal school at Terre Haute and work begun as soon as possible.

mature in sufficient time for the gardener to grow a crop of sweet corn, late cabbage or turnips on the same ground. It is often possible to plant the second crop between the potato row before the potatoes are dug. Early potatoes may be used as soon as large enough, an old rule being to begin using them when they are as large enough, an old rule being method is to dig them as needed, leaving the main part of the crop to develop to maturity.

In the central portion of the United States, the late crop may be planted from June 15 to July 1, but in the northern sections the main crop is planted earlier than this, no attempt being made to produce early and late potatoes, as in many sections the growing season is too short for the production of but one crop. Late potatoes are allowed to grow until they mature or until the frost kills the vines. The cultivation of the late crop is similar to that employed in the case of the early crop.

Ten of the twelve township eighth grade examinations will be held on Saturday of this week. The only township school not holding the diploma examinations on that day are Union and Noble. The others will be held in the following places: Anderson township, Milroy school building; Walker township, Homer building; Washington township, Arlington school; Rushville township, teacher's examination room; Jackson township, Osborne school; Richland township, Richland school; Ripley township, Walnut Ridge school.

At the meeting of the County board of educational to be held in the first day of May, the exact date for the eighth year commencement will be set. The report on the enumeration of school children will also be made and other school problems will be brought up. On the county board of education are the township trustees, the presidents of the Carthage and Rushville school boards and the county superintendent.

DON'T LET IT LINGER

A cough that follows a gripe or any other cough that "hangs on" from winter to spring wears down the sufferer, leaving him or her in a weakened state, unable to ward off sickness and disease. Jos. Gillard, 148 Filmore St., Nashville, Tenn., writes: "I was suffering with a dry hacking cough and a pain in my chest, but since taking Foley's Honey and Tar I have been relieved. It soothes, heals and cures coughs, colds and croup. Good for whooping cough. F. B. Johnson.—(Adv.) 3

WOMEN BRAVER THAN MEN

Women often do their daily tasks in home, office or factory while suffering pain and misery that would put a man in bed. However, much of women's suffering can be alleviated. Backache, sore muscles, stiff joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. Davis, Montgomery, Ind., writes: "I doctored several months without relief, when I commenced using Foley Kidney Pills and got relief. Eight bottles cured me." Safe, harmless, quick results. F. B. Johnson.—(Adv.)

HER.

The following poem has been received here from Sergeant Albert E. Armstrong, Company F, 64th infantry, Fort Bliss, Texas, who is a Rush county boy:

Far away in a tented city Her khaki clad warriors is serving;

His pathway leads forward and upward, his course it is ever unswerving.

The tasks that are menial and tiresome, the hardships that each must endure

To him is as commonplace duty; he's making Her future secure.

Not once will he murmur or falter while the battles continue to rage;

And soon all will read of his valor when to history there's added a page.

Before him lies honor and glory, yet a pathway with hazard ahead;

There's no thought of personal honor he thinks of Her future instead.

He's doing his share in the service to repay for the long weary years

She patiently struggled to raise him, full of sorrow, of joy and of fears.

You ask for whom he is serving? Guess once, you will not need another;

The one that comes first with all soldiers, in peace-time or war-time is Mother.

When war clouds were gathering o'er us Her brave-hearted patriot was stirred;

He knew She needed his service, his answer was the first to be heard.

He volunteered quickly and gladly, he was eager to get in the fight; Not for the purpose of conquest, but because he knew She was right.

After his hard steady training, he will face the enemy's line

With coolness and courage undaunted till the Boche recrosses the Rhine.

The freedom his forefathers gave him he wants to extend o'er the earth;

Two' his life is lost in the struggle, our freedom shall have a re-birth.

Some day that may not be far distant when victory is won "over there."

When time comes for full retribution, each nation will get a just share.

Again you ask who he is serving? You know, so you need never guess;

He is serving our own blessed Country, the freeland—our dear old U. S.

Tonight in a camp or the trenches Her daring young hero is dreaming,

Recalling the hours in Her presence; for Her now his camp-fire is gleaming.

Camp life and Hun warfare have taught him hard lessons that few of us knew;

Be true to him, pray for his safety, he is offering his life-blood for you.

His faith looks into the future, his comrades are men of his kind;

Apply this to all of our soldiers, it's true in most cases you'll find.

He dreams as he patiently renders the service each soldier must give;

For Her he labors untiring; his life is a hard one to live.

Her letters to him are most precious; Her love and Her faithfulness tells;

Her picture is ever before him through the roar and the flare of the shells.

Though he is always thinking of Mother and keeps Country and freedom in mind;

Another dear one he is serving—it's the Sweetheart, the girl left behind.

MODES OF TRAVEL STILL A NOVELTY

Seigle Vaughn Writes of Queer Passenger Coaches and Small Engines in France

ANTIQUE CYCLES A NOVELTY

The queer little passenger coaches and the small engines which draw them have never ceased to be a novelty to the American Sammies in France.

Seigle Vaughn, son of Mr. and Mrs. William Vaughn and one of Rush county's recent arrivals across the sea, has written an interesting letter to his parents, describing the country, and the people in that part of France where he is receiving his training.

"The modes of travel seem queer indeed to Americans who have become accustomed to the fast express trains which are available everywhere in the states," he says, "the queer little passenger coaches drawn by miniature engines are novelties to us as well as are the antique cycles which are used a great deal for riding, especially among the women."

Mrs. John Craiger who has been ill for some time at her home in West Seventh street, is in a serious condition.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating, satisfying liquid, is all that is needed for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

RED CROSS DOCTORS STOP USING ANIMALS

Convictions of Workers Against the Type of Medical Research Work Is Cause

EXPENSES NOT FROM FUND

Considerable criticism has been made of an appropriation by the Red Cross in August 1917, for medical research work in France, because partly involved in this work is experimentation upon living animals for the purpose of finding methods of prevention and remedies for new and strange soldiers' diseases. This appropriation was made at a time of emergency upon the recommendation of army medical officers and of a number of the best scientists in this country, and it was to be used for the direct and immediate purpose of finding ways to prevent or cure wounds or sickness of American soldiers and was strictly a war measure.

It has developed, however, that there are a large number of earnest Red Cross members who have sincere convictions against the use of animals for the discovery of remedies for sickness. The criticism seems to be largely confined to the fact that funds of the Red Cross should not be used for this work when any considerable number of its members have such convictions.

This objection has been overcome, however, by an individual supplying the money necessary for this work, so that none shall be taken from the general funds of the Red Cross. This fund will also be used to reimburse the Red Cross for any expenditures in connection therewith in the past.

FORMER RESIDENT IN GOVERNMENT SERVICE

Herman J. Walters Residing at Fort Logan Colorado Is Civil Service Post Saddler

FAMILY WELL KNOWN HERE

Herman J. Walters, who used to be associated with Sam Schuck in the harness business in Rushville, and later conducted the West End grocery, has been located with his family for the past ten years at Fort Logan, 10 miles from Denver, Colorado, where he holds the position of civil service post saddler. During this time he was on duty for three years on the Texas-Mexico border during the Mexican war. He has recently passed the civil service examination as inspector of leather and harness for the U. S. government.

Mr. Walters recently purchased a ranch of 320 acres about fifty miles southeast of Denver, in what is called the "rain belt." While he will not do any farming himself, he expects to stock the place in the near future and raise cattle.

Harry Walters, his son, who is well known among the younger people in Rushville, is in the photograph business on the most prominent corner in Denver, and is doing a very prosperous business.

One of the daughters of Mr. and Mrs. Walters, Mrs. Odell is living in Denver. She and her husband have proved up 160 acres of land north of Denver. Two daughters are married to army officers, and a niece formerly Marie Demmer, who made her home with Mr. and Mrs. Walters, is married to a captain of the army, who is now in France, and she will make her home with Mr. and Mrs. Walters until the return of her husband.

FRENCH WAR CROSS GIVEN ORLA ARCHEY

Well Known Boy Decorated for Bravery on French Battle Front Last Month

RECOVERING FROM WOUNDS

The French War cross or the Croix De Guerre, one of the most coveted prizes of the war has been presented to Orla Archey, well known here and especially in the southern part of the county where his uncle, J. P. Archey resides.

Private Archey whose parents reside in Indianapolis, is a member of Battery E of the 15th field artillery. It was through an act of heroism that he was seriously injured on the firing line in France, March 18 and for this he was decorated. The news of his decoration came from Col. Robert Tyndall in a letter to his wife and Mrs. Tyndall in turn notified the parents of the boy.

Until the information of his decoration was received, no word had been received as to the condition of Archey since he was injured. Col. Tyndall wrote that Mr. Archey was recovering nicely from his wounds.

The kind of paint is more important than the color

In these days of paint uncertainties you cannot afford to buy paint in a haphazard way. Now, if ever, you should know what the paint you buy will do.

Avoid paint failures; buy one of the standard brands of paint —Lowe Brothers High Standard, for instance.

Nothing has been put into High Standard Paint to cheapen it. The same Lowe Brothers quality is in every can just as in years gone by.

Of course, you can buy cheaper paints, but you haven't that assurance of beauty, wearability and economy you always get in good old High Standard.

Ask for color card.
